Business Price List

Captain Spider Web Designs

Welcome, we are Captain Spider Web Designs. We are your affordable solution to a web presence. Captain Spider can put you on the Web at a price you can live with. We offer several web site plans, one that is sure to match your needs.

Captain Spider is not interested in just putting you on the web, we also want to keep your web site "fresh". We offer a maintenance plan that will let you make periodic changes to your web page so that it doesn't get stale. If your site doesn't change, people may stop coming back!

We can help you **protect your investment** in your web site. You can start with a smaller site and upgrade to a larger one within 12 months and we will deduct the design fee from the design price of the new site.

We can help you decide how to put your group, organization, church or business on the web. Captain Spider can help you decide if you want your own domain name, how to choose it, and we can register it for you. We can also host your domain and web site or help you find a place that better matches your needs and budget.

Captain Spider offers a discount to churches and other non-profit organizations. Contact us for details.

Entry Level Web Site

Design a web site with up to 5 pages and 5 custom images. This design includes the standard features plus navigation bars and interface to your PayPal storefront. Also includes keywords for search engine indexing and the initial submission to major search engines. \$585

Small Business Web Site

Design a web site with up to 10 pages and 10 custom images. This design is more complex, it includes the features of the Entry Level Web Site plus some basic forms. \$845

Corporate Web Site

Design a web site with up to 20 pages and 20 custom images. This design is more complex, it includes the features of the Small Business Web Site plus many types of forms and JavaScript. \$1605

Maintenance Plan

Our Maintenance Plan is the continual process of checking your web site, repairing broken links, maintaining image files, collecting statistical data* and insuring that your web site operates correctly. Many companies are only interested in creating your web site, then leave you to fend for yourself. We feel that because your web site represents you and your company, it should be up to date, fresh and in perfect working order.

* Some hosting sites may not allow this feature.

Entry Level Web Site Maintenance Plan

This plan covers all the features of the Basic Maintenance Plan, and allows you to make up to three (3) basic modifications** to your web site per month. This plan will also let you expand your web site to your maximum of 5 pages and 5 images (if you started with fewer) for no additional charge. It also includes regular submissions to the major search engines. All this for only a \$12.50 monthly fee.

Small Business Web Site Maintenance Plan

This plan covers all the features of the Entry Level Maintenance Plan, and allows you to make up to four (4) basic modifications** to your web site per month. This plan will also let you expand your web site to your maximum of 10 pages and 10 images (if you started with fewer) for no additional charge. It also includes regular submissions to the major search engines. All this for only a \$20 monthly fee.

Corporate/Custom Web Site Maintenance Plan

This plan covers all the features of the Entry Level Maintenance Plan, and allows you to make up to six (6) basic modifications** to your web site per month. This plan will also let you expand your web site to your maximum of 20 pages and 20 images (if you started with fewer) for no additional charge. It also includes regular submissions to the major search engines. All this for only a \$35 monthly fee.

** - add or change links, images or text

* **Prices are subject to change.**

NOTE: Increasing your pages or features via the Additional Features page, may put you into the next category of the maintenance plan.
